Section 7. Terms of Reference

A. Background

The Nepal Health Professional Council (NHPC) is an autonomous regulatory body established under the Nepal Health Professional Council Act 2053 (1996 AD). It was created with the primary objective of regulating and standardizing healthcare nurses, pharmacists, and ayurvedic practitioners. The council was founded to address the need for a regulatory framework that would ensure the competence and professionalism of healthcare practitioners in the country. NHPC plays a crucial role in bringing various healthcare professionals, including those in fields like dentistry, physiotherapy, radiography, and more, under a legal system, ensuring their qualifications meet established standards. By conducting examinations, issuing licenses, and establishing regulations, NHPC is committed to promoting high-quality healthcare services, safeguarding public health, and contributing to the overall development of the healthcare sector in Nepal. It operates within the legal framework provided by the Nepal Health Professional Council Act, striving to improve the standards and safety of healthcare services in the country.

B. Objective

The objectives of the assignment related to the Nepal Health Professional Council (NHPC) can include:

Examination Center Establishment: To establish a modern and fully equipped examination center in Kathmandu that meets the NHPC's requirements, including a minimum capacity of 350 computers, accessibility for individuals with disabilities, and compliance with industry standards.

Quality Assurance: To ensure that the examination center is designed and operated in a manner that upholds the NHPC's commitment to quality services and that it aligns with best practices and standards in examination and assessment processes.

Regulatory Compliance: To ensure that the examination center and its operations comply with the regulatory and legal framework provided by the Nepal Health Professional Council Act, as well as all relevant local laws and regulations.

- **Public Accessibility:** To make the examination center accessible to all candidates, including those with disabilities, and to provide convenient facilities such as parking and public transportation options.
- **Security and Data Management:** To establish robust security measures to protect examination content and data, ensuring the integrity and confidentiality of the examination process.
- **Technical Infrastructure:** To provide a reliable and high-speed internet connection, power backup, and technical support to ensure seamless examination administration.
- **Furniture and Amenities:** To furnish the examination center with comfortable seating, proper lighting, ventilation, and necessary amenities, creating a conducive environment for candidates.
- **Staffing and Training:** To recruit and train an adequate number of personnel to oversee the examination process, ensuring that candidates receive necessary assistance and support.
- **Scalability:** To design the examination center with the flexibility to accommodate varying numbers of candidates, meeting the NHPC's requirements.

- **Timely Execution:** To complete the establishment of the examination center within the specified timeframe, allowing the NHPC to conduct examinations and assessments as planned.

The assignment's primary objective is to create a state-of-the-art examination center that aligns with NHPC's mission to regulate and maintain high standards of healthcare professionals, ensuring that examinations are conducted with integrity, accessibility, and quality.

C. Scope of Work

The scope of work for this assignment involves the comprehensive planning, design, construction, and operational setup of a modern examination center in Kathmandu, meeting the specific requirements of the Nepal Health Professional Council (NHPC). This includes the assessment of capacity, accessibility, security, and infrastructure needs, the implementation of a robust technology and security framework, furnishing the center with appropriate amenities, ensuring compliance with legal regulations, and providing the necessary training to facilitate a seamless examination process. The assignment's objective is to deliver a fully functional examination center that aligns with NHPC's commitment to quality services, accessibility, and regulatory compliance for healthcare professionals.

D. Expected Output

The expected outputs for the establishment of the examination center for the Nepal Health Professional Council (NHPC) in Kathmandu include:

- **Fully Operational Examination Center:** The completion and operational readiness of the examination center, including all infrastructure, technology, and amenities required for conducting examinations effectively in single location and firm owned.
- **Capacity and Accessibility:** An examination center with a minimum capacity of 350 seats, designed with accessibility features to accommodate individuals with disabilities, ensuring inclusivity.
- **Robust Security and Data Management:** Implementation of a comprehensive security system to protect examination content and data, guaranteeing the integrity and confidentiality of the examination process.
- **Reliable Technology Infrastructure:** A well-established and reliable technology infrastructure, including a high-speed internet connection, power backup solutions, and a technical support framework to facilitate smooth examination administration.
- **Furnished and Comfortable Environment:** A furnished examination center with comfortable seating, proper lighting, ventilation, and necessary amenities to create an optimal and conducive environment for candidates.
- **Legal Compliance:** Documentation demonstrating full compliance with the Nepal Health Professional Council Act, as well as local laws and regulations, ensuring that the examination center operates within the boundaries of the law.
- **Trained Staff:** A qualified and trained staff, including proctors, technical support personnel, and administrators, ready to manage and oversee the examination process effectively.
- **Scalable Infrastructure:** An examination center designed with scalability in mind, capable of accommodating varying numbers of candidates to meet the NHPC's requirements.

- **Quality Assurance Framework:** The implementation of quality assurance processes and procedures to maintain the quality and integrity of the examination and assessment processes.
- **Operational Documentation:** Comprehensive documentation, including architectural plans, compliance records, operational manuals, and other relevant documentation necessary for the NHPC's future reference and management of the examination center.
- The right to do a contract with the service provider or not shall be vested to NHPC.

The expected outputs aim to deliver a fully functional and secure examination center that aligns with NHPC's commitment to quality services, accessibility, and regulatory compliance, thereby facilitating the effective and equitable assessment of healthcare professionals in Nepal.
